NEW

2-4 POINT DOUBLE PULL BELTS

Urathon's new innovative 4 point double pull belts have been designed with input from wheelchair services and contracted repairers across the UK.

Urathon understand how frustrating it is for both client and service to not be able to get what you want when you really need it due to the cost and space constraints around holding stock of a large variety of belts. As such our new design belt can quickly and easily be transformed from a 2 point double pull belt into a 4 point double pull belt by simply clipping in the 2 additional padded straps.

Simply hold stock of the 4 sizes of 2 point belts and padded strap kits and have a modular range of belts which can easily be swapped between 2 and 4 point fixing.

2-4 Point Double Pull Belt
(Includes conversion kit)

Size	Code	Sold in multiples of
Extra Small	1WCASBDP4XS	1
Small	1WCASBDP4S	1
